

FTC

FRP MODULAR Water Storage Solution

No Lining | No Coating | No Painting

(703) 339-9605 info@ftc-tanks.com www.ftc-tanks.com

WHO WE ARE

Since 1992, FTC provides innovative water storage solutions and address the shortcomings inherent in traditional storage systems.

WHAT WE DO

Focused on providing solutions for hygienic storage of water for extended periods of time.

WHAT WE DELIVER

A product of the highest quality, compliant to international standards tested and approved globally.

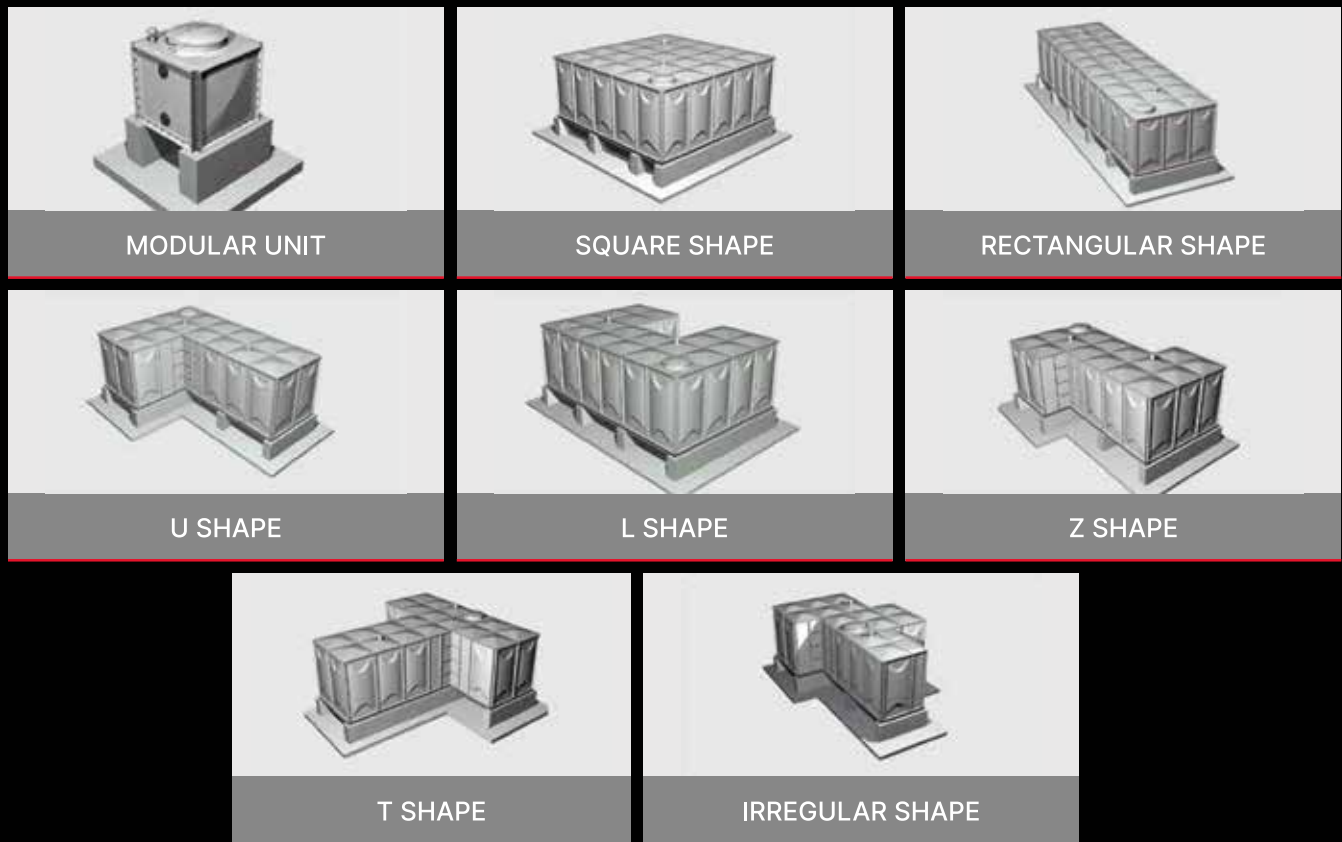

ISO 9001 certified for design and manufacturing of FRP tanks. Certified NSF 61 with Annex G & NSF 372 (no lead), WRAS (UK), and compliant to NFPA 22 and standard AWWA D12-121 (USA).

A liquid storage solution adaptable in size and design, making FTC FRP Panel tank the optimal choice for various applications.

A product easy to transport and handle allowing tank installations in otherwise inaccessible areas.

FTC STORAGE TANKS ARE FLEXIBLE IN SHAPE

Tank capacities ranging from 1m³ up to 10,000 m³ / 2.5 MG

**AVAILABLE IN SIZES FROM 260 GALLONS
TO 2.5 MILLION GALLONS**

Our panels are offered in 3 different options

Variable in height up to 6m standard, and up to 8m as per customized request.

SOLUTIONS TO TRADITIONAL STORAGE PROBLEMS

Keeps Clean Water Clean

Eliminates cost of continual maintenance

Sustainable design

Reduce energy cost

FTC FRP WATER STORAGE TANKS
ARE MAINTENANCE FREE

TRADITIONAL STORAGE TANKS
REQUIRE CONTINUOUS MAINTENANCE

MOLDING INGREDIENTS & PROCESS

Fiberglass. Resin. UV Stabilizer are used to manufacture the Sheet Molding Compound (SMC)
40%+ Glass Content

SMC is Molded and pressed at a high temperature
Hot Pressing eliminates styrene emissions and therefore does not impact the taste or smell of water stored

FEATURES & BENEFITS

Hot press molding gives the panel a mirror finish. preventing debris and organisms from growing on panel surfaces.

100% opaque gray panels prevent algae growth.

Tank drains completely.

Leak free by design with a 40+ year design life and 5 year warranty.

High wind and load resistance.

Eco-friendly.

Extremely strong with an 8x dynamic load factor which prevents bursting.

Different seismic design options as per requirements.

Low profile design preventing NIMBY complaints.

Minimal maintenance is required.

Suitable for indoor & outdoor use in extreme hot or extreme cold temperatures.

Corrosion free, no metal in touch with water*

Fast delivery & installation

Can be compartmentalized

Easily expanded or relocated to adapt to changing needs

Easy to clean

Environmentally friendly

FTC FRP STORAGE TANKS INSTALLATIONS ARE VERSATILE

OUTDOOR

INDOOR

IN EXTREME HOT WEATHER

IN EXTREME COLD WEATHER

INDOOR TANK WITH PEDESTAL
STEEL FOOTING OPTION

OUTDOOR TANK WITH STEEL
SKID FOOTING

OUR MISSION

KEEP CLEAN WATER, CLEAN

FTC is a world leading manufacturer of FRP panel type water tanks and operates in more than 40 countries around the globe.

FTC Tanks distribute FTC FRP Tanks in North America, South America and Central America.
